Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Tuesday 23 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain spreading from the west this afternoon, gales in northwest.

Today:
The west will be rather cloudy with patchy rain this morning, becoming persistent later this afternoon. Mainly dry in the east, some brightness at times, occasional rain later. South or southwesterly gale or severe gales in the northwest this afternoon. Maximum temperature 11 deg C (52 deg F).

Tonight:
Cloudy with a little rain for a time at first this evening. This soon clearing away to leave clear periods and a few showers. Staying windy in the far north. Minimum temperature 2 deg C (36 deg F).

Wednesday:
Sunny intervals and occasional showers, these most frequent around the middle of the day. Turning somewhat drier through the afternoon away from the west coast. Maximum temperature 9 deg C (48 deg F).

Outlook for Thursday to Saturday:
Sunshine and occasional showers on Thursday and Friday, showers wintry on Friday. Fewer showers on Saturday. Turning colder on Friday, overnight frost.
